

Blakeview Traffic Study

Share your views

The study will investigate local traffic issues such as speeding, parking, pedestrian safety around schools and shopping areas and traffic and road safety.

To kick off the study, Council will be reaching out to residents and property owners via a survey to unpack and understand traffic related issues people are experiencing on their street and in the study area (refer to map).

Your feedback will help us to develop the LATM plan in 2022/2023. This plan will be prioritised and delivered in the upcoming years.

The survey only takes 2-5 minutes to complete and will be open between 26 October – 22 November 2022.

How do I give my feedback?

You can provide your feedback in a number of ways.
