Disability Access and Inclusion Plan

This is the Disability Access and Inclusion Plan for the City of Playford Council.

The law says that all councils in South Australia need to have a Plan.

Our Plan explains how we will make the City of Playford more:

- **Accessible.**

This means everyone can use it.

- **Inclusive.**

This means everyone is included and feels like they belong.

DRAFT

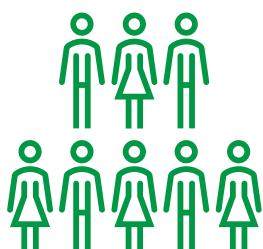

Our Plan has actions that the Council will do over the next 4 years.

We want the City of Playford to be a place where people:

- Feel included.
- Feel like they belong.
- Take part in the community.

In the City of Playford, 8,373 people in our community need help with daily living activities.

1 in 10 people in our community give unpaid care to people who:

- Live with disability.
- Have a health problem.
- Are older.

- Playford Strategic Plan 2025 - 2028.

4. Health and wellbeing.

5. Safety, rights and justice.

We will go through each of the domains in the following pages.

What is our goal?

To make the environment and community inclusive for everyone.

We want our community to be a place where people with disability feel safe and welcome.

- Clear signs.
- Footpaths.

We will have information online and in paper form.

This will help people with different communication needs and access.

This means members can share their ideas and help shape Council projects.
