

# FEEDBACK FORM

## HAVE YOUR SAY: Genetically Modified Crops Moratorium

From 7 July – 4 August 2020, the City of Playford is seeking comments on whether the Council should submit an application or not to the Minister of Primary Industries and Regional Development to establish a moratorium on growing of GM Crops in the City of Playford.

Your feedback will be submitted to Council as a public report and may be used to formulate a response to the State Government if Council decides to submit an application to the Minister.

Any submissions received will be made publicly available, however your contact details will remain confidential and you may choose for your name to remain anonymous by indicating so below. However, this information will be provide to the Minister if Council decides to submit an application.

Council will need to demonstrate to the Minister that primary producers and/or food processors in the City of Playford are currently receiving a marketing or trade advantage, including any price premiums, as a result of being a no GM food crop area. Any additional information you can provide to Council relating to the impact of the GM crop moratorium, positively or negatively, on the marketing or trade of your business would be helpful for Council.

<b>About You</b>
Name:
Address:
